

New Visitor Registration

Prior to registering as a visitor, there are some things you will need to make the process smoother and faster –

- Valid telephone number
- Valid email address
- Valid PayPal account, or Debit/Credit card

You will also need to create –

- A Username
- A Password

Username – A simple unique name to identify you to the visitation system. This could be something like BillSmith or MrVisitor. If another visitor has already chosen the Username you select, the system will prompt you to select a different value when you attempt to save your new user profile.

Password – May be any combination of letters, numbers and special characters. Make the password unique enough and hard enough that another person cannot guess it and use it, but also meaningful to you so you don't forget it.

For security purposes – do NOT use the same Username and Password as you use for any other online account or service.

Telephone number, email address and street address – This information is necessary should we need to contact you for some reason.

Email address – If you do not have an email address, you must create one from the provider of your choice. A couple links are provided on our Main page for your convenience.

Finney County and HomeWAV have no affiliation with and receive no benefit from the email services listed. They are provided for your convenience only at this location. You may select any email service of your choosing from any other location.

A valid email account is also necessary to create a PayPal account.

PayPal account – PayPal allows for the safe and efficient transfer of funds from your bank account or credit card to HomeWAV, to pay for the visit.

If you already have a PayPal account, you will be able to purchase minutes via that account immediately after registration.

If you do not have a PayPal account, you may create one from the link provided on our Main page, or during the visitor registration process. To create a PayPal account you will need your bank account number and Routing Number, or a valid Debit or Credit card, and a valid email address.

Once you have completed the preparation steps listed above, you are now ready to register as a visitor.

Go to – www.homewav.com

Click on the New Visitor button in the Get Started section

Complete ALL the required fields (indicated with an *), Agree to the Terms of Use, and click the Sign Up button
