INDEPENDENT AUDITOR'S REPORT

The County Commissioners
Finney County, Kansas
Garden City, Kansas 67846

Report on the Audit of the Financial Statement

Opinions

We have audited the regulatory basis fund summary statement of receipts, expenditures and unencumbered cash of Finney County, Kansas (the County), as of and for the year ended December 31, 2024, and the related notes to the financial statement.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the accompanying financial statement presents fairly, in all material respects, the aggregate cash and unencumbered cash of the County, as of December 31, 2024, and the aggregate receipts and expenditures for the year then ended in accordance with the basis of accounting practices prescribed or permitted by the State of Kansas to demonstrate compliance with the *Kansas Municipal Audit and Accounting Guide's (KMAAG)* regulatory basis of accounting and budget laws as described in Note 1.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the accompanying financial statement referred to above does not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the County, as of December 31, 2024, or changes in net position and cash flows thereof for the year then ended.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS), the KMAAG, and the standards applicable to financial audits contained in *Government Auditing Standards (GAS)* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of the County, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by the County on the basis of accounting practices prescribed or permitted by the State of Kansas to demonstrate compliance with the *KMAAG*'s regulatory basis of accounting and budget laws, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Responsibilities of Management for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the accounting practices prescribed or permitted by the State of Kansas to demonstrate compliance with the *KMAAG*'s regulatory basis of accounting and budget laws. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, the *KMAAG* and *GAS* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with GAAS, the *KMAAG* and *GAS*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the regulatory basis fund summary statement of receipts, expenditures and unencumbered cash (the financial statement) as a whole. The regulatory basis summary of expenditures - actual and budget, the regulatory basis individual fund schedules of receipts and expenditures and the regulatory basis schedule of receipts and disbursements – agency funds (Schedules 1, 2 and 3 as listed in the table of contents) are presented for purposes of additional analysis and are not a required part of the financial statement; however, they are required to be presented under the provisions of the *KMAAG*. In addition, the other supplementary information (Schedules 4 through 7 as listed in the table of contents) which includes the Schedule of Expenditures of Federal Awards, required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), are presented for purposes of additional analysis and are not a required part of the financial statement. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statement. The information has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement itself, and other additional procedures in accordance with GAAS, the *KMAAG* and *GAS*. In our opinion, the supplementary information is fairly stated in all material respects in relation to the financial statement as a whole, on the basis of accounting described in Note 1.

We also previously audited, in accordance with GAAS, the *KMAAG* and *GAS*, the financial statement of the County, as of and for the year ended December 31, 2023, (not presented herein), and have issued our report thereon dated May 8, 2024, which contained an unmodified opinion on the financial statement. The 2023 financial statement and our accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration at the following link: <https://admin.ks.gov/offices/accounts-reports/local-government/municipal-services/municipal-audits>. The 2023 actual column (2023 comparative information) presented in the individual fund schedules of regulatory basis receipts and expenditures for the year ended December 31, 2024, (Schedules 2 and 5 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the financial statement. Such 2023 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2023 financial statement. The 2023 comparative information was subjected to the auditing procedures applied in the audit of the 2023 financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2023 financial statement or to the 2023 financial statement itself, and other additional procedures in accordance with GAAS, the *KMAAG* and *GAS*. In our opinion, the 2023 comparative information is fairly stated in all material respects in relation to the financial statement as a whole for the year ended December 31, 2023, on the basis of accounting described in Note 1.

Other Reporting Required by Government Auditing Standards

In accordance with *GAS*, we have also issued our report dated May 15, 2025, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial

reporting or on compliance. That report is an integral part of an audit performed in accordance with GAS in considering the County's internal control over financial reporting and compliance.

Financial Statement

FINNEY COUNTY, KANSAS
Notes to the Financial Statement
For the Year Ended December 31, 2024

1. Summary of significant accounting policies

Finney County, Kansas, (the County) was established in 1887 and is an organized county having the powers, duties and privileges granted to counties by K.S.A. 19-101.

A. Financial reporting entity

The County is a municipal corporation governed by an elected five-member commission. This financial statement presents Finney County (the municipality) and its related municipal entities. The related municipal entities discussed below are included in the County's reporting entity because they were established to benefit the County and/or its constituents.

Eastside Sewer District #1, Sewer District #2 and Sewer District #3 operate the County's sewer districts. The Board of each district consists of the County Commissioners. The County Commissioners approve the sewer districts' budgets and levy taxes for operations. The sewer improvements and equipment are titled to the County. Bond issuances must be approved by the County. The sewer districts have been determined to be blended related municipal entities created under K.S.A. 19-27a01. Eastside Sewer District #1, Sewer District #2 and Sewer District #3 are presented in this financial statement as business funds.

The Southwest Kansas Regional Juvenile Detention Center is a jointly governed organization between eighteen counties in southwest Kansas created under an interlocal agreement. The Southwest Kansas Regional Juvenile Detention Center is governed by a board appointed by the participating parties. The Southwest Kansas Regional Juvenile Detention Center was established to operate a juvenile correctional facility located in Garden City, Kansas. The primary source of funding for the Southwest Kansas Regional Juvenile Detention Center is from the participating parties with additional support from grants. Finney County functions as the operator of the Southwest Kansas Regional Juvenile Detention Center. Finney County has an equity interest and is a material contributor to the continued existence of the Southwest Kansas Regional Juvenile Detention Center. The Southwest Kansas Regional Juvenile Detention Center is presented in this financial statement as a special purpose fund.

The Finney County Convention and Visitors Bureau operates the County's Convention and Visitors Bureau and provides services for the residents of the County. It has its own Board of Directors, who operates independently from the County. The Board of Directors is responsible for the management and fiscal accountability of the Convention and Visitors Bureau. The Board is appointed by the County Commission, which also has the authority to remove appointed Board members. The County Commissioners approve the Convention and Visitors Bureau's budget and collect/disburse to them the proceeds from the County's guest bed tax for their operations. The Finney County Convention and Visitors Bureau is presented as a related municipal entity in this financial statement.

1. Summary of significant accounting policies (continued)

A. Financial reporting entity (continued)

The Finney County Public Library operates the County's library and provides services for the residents of Finney County. It has its own Board of Directors, who operates independently from the County. The Board of Directors is responsible for the management and fiscal accountability of the Public Library. The Board is appointed by the County Commission, which also has the authority to remove appointed Board members. The County Commissioners approve the Library's budget and levy taxes for library operations. The library building is titled to the Library Board and was financed with Finney County general obligation bonds retired in part by tax levy and in part by private donation. Bond issuances for the Library's benefit must be approved by the County. The Finney County Public Library is presented as a related municipal entity in this financial statement.

B. Regulatory basis of accounting and departure from accounting principles generally accepted in the United States of America

The *Kansas Municipal Audit and Accounting Guide (KMAAG)* regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The *KMAAG* regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The County has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the County to use the regulatory basis of accounting.

C. Regulatory basis fund types

A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. The following fund types are used by the County:

General fund - the chief operating fund; used to account for all resources except those required to be accounted for in another fund.

Special Purpose funds - used to account for the proceeds of specific tax levies and other specific receipt sources (other than capital project and tax levies for long-term debt) that are intended for specified purposes.

Bond and Interest funds - used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

1. Summary of significant accounting policies (continued)

C. Regulatory basis fund types (continued)

Capital Project funds - used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

Business funds - funds financed in whole or in part by fees charged to users of the goods or services (e.g., enterprise and internal service fund etc.).

Trust funds - used to report assets held in trust for the benefit of the municipal financial reporting entity (e.g., pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).

Agency funds - used to report assets held by the municipal reporting entity in a purely custodial capacity (e.g., payroll clearing fund, county treasurer tax collection accounts, etc.).

D. Cash and investments

Cash resources of the individual funds are combined to form a pool of cash and investments which is managed by the County (except for investments in the Kansas Municipal Investment Pool). Cash includes amounts in demand deposits, time deposits and certificates of deposit. Investments of the pooled accounts consist primarily of investments in the Kansas Municipal Investment Pool and U.S. government securities carried at cost, which approximates market. Interest income earned, unless specifically designated, is allocated to the general fund.

State statutes authorize the County to invest idle funds in U.S. government securities, temporary notes, no-fund warrants, repurchase agreements and the Kansas Municipal Investment Pool. Investments of the County are stated at fair value which equals cost. The aggregate value of the investments, including certificates of deposit, at December 31, 2024, is \$95,627,568.

E. Property taxes and special assessments

The determination of assessed valuations and the collections of property taxes for all political subdivisions in the State of Kansas is the responsibility of the counties. The County Appraiser annually determines assessed valuations based on real property transactions as recorded by the Register of Deeds and personal property holdings reported by taxpayers. The County Clerk spreads the annual assessment on the tax rolls and the County Treasurer collects the taxes for all taxing entities within the County.

Taxes are assessed on a calendar year basis, are levied and become a lien on the property on November 1st of each year. The County Treasurer is the tax collection agent for all taxing entities within the County. Property owners have the option of paying one-half or the full amount of the taxes levied on or before December 20th during the year levied with the balance to be paid on or before May 10th of the ensuing year. State statutes prohibit the County Treasurer from distributing the taxes collected in the year levied prior to January 1st of the ensuing year. One-half of the property taxes are due December 20th and distributed by January 20th to finance a portion of the current year's budget. The second half is due May 10th and distributed by June 5th.

FINNEY COUNTY, KANSAS
Notes to the Financial Statement
For the Year Ended December 31, 2024

1. Summary of significant accounting policies (continued)

E. Property taxes and special assessments (continued)

Kansas statutes require projects financed in part by special assessments to be financed through the issuance of general obligation bonds which are secured by the full faith and credit of the County. Special assessments received prior to the issuance of general obligation bonds are recorded as receipts in the appropriate project fund. Further, state statutes require levying additional general ad valorem property taxes in the Bond and Interest fund to finance delinquent special assessments receivable.

Special assessments are levied over a ten or fifteen year period and annual installments are due and payable with annual ad valorem property taxes. The County may foreclose liens against property benefited by special assessments when delinquent assessments are two years in arrears. At December 31, 2024, the special assessment taxes levied are a lien on the property.

F. Interfund transactions and reimbursements

Quasi-external transactions (i.e., transactions that would be treated as receipts or expenditures if they involved organizations external to the governmental unit, such as internal service fund billings to departments) are accounted for as receipts or expenditures. Transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund, are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers.

G. Memorandum totals

Totals on the financial statement are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. No consolidated financial information is presented nor are all required disclosures presented for these amounts.

2. Stewardship, compliance and accountability

A. Budgetary information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding calendar year on or before August 1st.
2. Publication in local newspaper of the proposed budget and notice of hearing on the budget on or before August 5th.
3. Public hearing on or before August 15th, but at least ten days after publication of the notice of hearing.
4. Adoption of the final budget on or before August 25th.

If the County is holding a revenue neutral rate hearing, the budget timeline for adoption of the final budget has been adjusted to no sooner than August 20th and no later than September 20th, but at least ten days after all statutory notification and publication requirements have been met.

FINNEY COUNTY, KANSAS
Notes to the Financial Statement
For the Year Ended December 31, 2024

2. Stewardship, compliance and accountability (continued)

A. Budgetary information (continued)

Municipal budgets requiring a hearing to exceed the revenue neutral rate should be adopted on or before October 1st but may not be adopted prior to the revenue neutral rate hearing. The municipality did hold a revenue neutral rate hearing for this year.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in receipts other than ad valorem property taxes. To do this, a notice of hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time. An amendment made to the original budget for the CDBG Revolving Loan fund was approved by the governing body during the year, resulting in additional budget authority of \$338,000.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each budgeted fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which regulatory receipts are recognized when cash is received and expenditures include disbursements, accounts payable and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the County for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end.

A legal operating budget is not required for capital project funds and the following special purpose and business funds:

- American Rescue Plan Act (ARPA) Grant
- Capital Improvements Reserve
- Community Corrections
- County Attorney's Training
- Equipment Reserve
- Finney County Fair Association
- HVAC/Building Reserve
- Jail Commissary and Telephone
- Motor Vehicle Operating
- Oil and Gas Valuation Depletion Trust
- Opioid Settlement

A. Budgetary information (continued)

Eastside Sewer District #1 Capital Improvement
Sewer District #2 Capital Improvement
Sewer District #3 Capital Improvement

Spending in funds which are not subject to the legal annual operating budget requirement are controlled by federal regulations, other statutes or by the use of internal spending limits established by the governing body.

B. Noncompliance with finance-related legal and contractual provisions

References made herein to the statutes are not intended as interpretation of law, but are offered for consideration of the Kansas Department of Administration's Chief Financial Officer and interpretation by the County Attorney and the legal representative of the County.

There are no known material violations of finance-related legal and contractual provisions including Kansas statutes, regulations, contracts, debt covenants, or other agreements for the year ended December 31, 2024.

3. Detailed notes on all funds

A. Deposits and investments

Cash balances from all funds are combined and invested to the extent available in certificates of deposit and other authorized investments. Earnings from these investments are allocated to designated funds. All investments are stated at cost.

A reconciliation of cash and investments as shown in the composition of cash summary on Statement 1 is as follows:

| | |
|--|-----------------------|
| Cash on hand | \$ 20,241 |
| Carrying amount of deposits | 38,625,489 |

A. Deposits and investments (continued)

At December 31, 2024, the Finney County Public Library had the following investments:

| Investment Type | Cost | Investment Maturities (in Years) | | Rating |
|--|------------|----------------------------------|------|--------|
| | | Less than 1 | 1-2 | |
| Repurchase agreements - Treasury obligations | \$ 172,824 | \$ 172,824 | \$ - | N/A |

K.S.A. 9-1401 establishes the depositories which may be used by the County. The statute requires banks eligible to hold the County's funds have a main or branch bank in the County, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The County has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the County's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The County has no investment policy that would further limit its investment choices.

Concentration of credit risk

State statutes place no limit on the amount the County may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and K.S.A. 9-1405. The County's allocation of investments as of December 31, 2024, is as follows:

| Investments | Percentage of Investments |
|----------------------|---------------------------|
| Treasury obligations | 28.84% |
| Treasury bills | 69.43% |
| Treasury notes | 1.73% |

Custodial credit risk - deposits

Custodial credit risk for deposits is the risk that in the event of a bank failure, the County's deposits may not be returned to it. State statutes require the County's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka except during designated "peak periods" when required coverage is 50%. The County does not use designated "peak periods".

At December 31, 2024, the County's carrying amount of deposits was \$38,625,489 and the bank balance was \$40,089,886. Of the bank balance, 93.22% was held by four banks resulting in a concentration of credit risk. Of the bank balance, \$30,699,508 was covered by federal depository insurance and \$9,390,378 was collateralized with securities held by the pledging financial institutions' agents in the County's name.

The carrying amount of deposits for the Finney County Convention and Visitors Bureau was \$423,725 and the bank balance was \$450,269. The bank balance was held by three banks resulting in a concentration of credit risk. All of the bank balance was covered by federal depository insurance.

The carrying amount of deposits for the Finney County Public Library was \$190,361 and the bank balance was \$190,361. The bank balance was held by one bank resulting in a concentration of credit risk. All of the bank balance was covered by federal depository insurance.

Custodial credit risk - investments

Custodial credit risk for an investment is the risk that, in the event of the failure of the issuer or counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

B. Capital projects

Capital project authorizations with approved change orders compared to expenditures to date from inception are as follows at December 31, 2024:

C. Long-term contractual liabilities (continued)

Legal debt margin

The debt limit per K.S.A. 10-306 is three percent of the assessed tangible valuation within the County as certified by the County Assessor to the County Clerk on August 25th each year. Per K.S.A. 10-307, certain bond issues are not subject to the bonded indebtedness limitation; these include refunding bonds, and limited obligation bonds issued for the purpose of financing the construction and remodeling of the courthouse, jail and law enforcement center, to be paid from sales tax proceeds. The amount of debt outstanding does not exceed the statutory limit.

|---------------------|---------|------------------------|----------|
| Capital Improvement | General | 12-1258 | \$ 8,775 |

4. Other information

A. Risk management and self-insurance

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years.

The County has partially self-funded employees' health care costs. "Stop loss" coverage is maintained for claims above \$4,471,031 at December 31, 2024. Payments for medical insurance premiums and self-insured medical costs not covered by the insurance carrier are paid out of the Employee Benefit fund as they are billed to the County.

B. Municipal solid waste landfill

State and federal laws and regulations require the County to place a final cover on its landfill site when it stops accepting waste, and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and post-closure care costs are paid only near or after the date that the landfill stops accepting waste, the County has reported a portion of these closure and post-closure care costs as an operating expense in previous periods based on landfill capacity used as of each fiscal year end. The County has no landfill closure and post-closure care liability at December 31, 2024. The County completed transfer and sale of the landfill in 2000, and its permit was absorbed by Browning-Ferris Industries of Western Kansas, Inc.

C. Post-employment health care benefits

Other post-employment benefits

As provided by K.S.A. 12-5040, the County allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the County is subsidizing the retirees because each participant is charged a level premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the County makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the County under this program.

C. Post-employment health care benefits (continued)

Death and disability other post-employment benefits

As provided by K.S.A. 74-4927, disabled members in the Kansas Public Employees Retirement System (KPERS) receive long-term disability benefits and life insurance benefits. The plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. The employer contribution rate is set at 1% for the year ended December 31, 2024.

D. Compensated absences

The County's policy regarding vacation leave pay permits employees to earn vacation leave days at a maximum rate of 24 days per year; employees can carryover a maximum of 24 days to the following year. Upon resignation or retirement, employees are entitled to payment for all accrued vacation earned up to a special cap of 30 days provided they give their department head and the County Commission two weeks written notice. If an employee fails to give the two weeks written notice, no accrued vacation leave is paid unless a waiver is agreed to by the department head and the County Commissioners. Upon termination, payment is made to an employee for the accrued vacation leave. The cost of the accrued vacation leave at December 31, 2024, has not been quantified in this financial statement.

The County's policy regarding sick leave pay permits employees to accumulate leave days at a maximum rate of 12 days per year up to 60 days. The County's policy is to recognize the costs of sick leave when actually paid since employees are not reimbursed for unused sick leave when they leave the County's employ.

The Finney County Convention and Visitors Bureau's policy regarding vacation leave pay permits employees to earn vacation leave days at a maximum rate of 24 days per year; employees can carryover a maximum of 24 days to the following year. Upon resignation, retirement, or termination, employees are entitled to payment for a maximum of 30 days accrued vacation earned. The cost of the accrued vacation leave at December 31, 2024, has not been quantified in this financial statement.

E. Defined benefit pension plan

Plan description: Finney County, Kansas, participates in the Kansas Public Employees Retirement System ("KPERS"), a cost sharing, multiple-employer defined benefit pension plan as provided by K.S.A 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Annual Comprehensive Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

E. Defined benefit pension plan (continued)

Contributions: K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. K.S.A. 74-4975 establishes KP&F member-employee contribution rate at 7.15% of covered salary. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2, KPERS 3 and KP&F be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1% contribution rate for the Death and Disability Program) and the statutory contribution rate was 9.26% for KPERS and 23.10% for KP&F for the fiscal year ended December 31, 2024. Contributions to the pension plan from Finney County, Kansas, were \$772,029 for KPERS and \$1,100,366 for KP&F for the year ended December 31, 2024.

Net pension liability: At December 31, 2024, the County's proportionate share of the collective net pension liability reported by KPERS was \$12,099,654 and \$3,613,512 for KP&F. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2023, which was rolled forward to June 30, 2024. The County's proportion of the net pension liability was based on the ratio of the County's contributions to KPERS, relative to the total employer and non-employer contributions of the Local subgroup within KPERS. Since the *KMAAG* regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

Defined contribution plan

All full-time or eligible part-time employees and elected officials employed by the County are entitled to enroll, on the first day of the calendar month following the date of employment, in a deferred compensation 457(b) program with a tenure-based employer match 401(a) program. For all employees who enroll in the plan, the County shall contribute to the Plan an amount as specified in the County's Employee Benefits Guide based on years of tenure. The County's contribution for the year ending December 31, 2024, was \$84,712.

Grant audits

The County receives significant financial assistance from numerous federal and state governmental agencies in the form of grants and state pass through aid. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit. Any disallowed claims resulting from such audits could become a liability of the applicable funds. The amount of expenditures that may be disallowed by the grantor cannot be determined at this time, although the County expects such amounts, if any, to be immaterial.

G. Subsequent events

Subsequent to December 31, 2024, the County entered into contracts for the following capital projects:

| Project | Project Authorization |
|---|--------------------------|
| LEC remodel - architect services | \$ 1,053,500 |
| Preliminary engineering and traffic impact study for improvements to the NW Industrial park | 361,600 |

Business Funds

Fund Description

The Business funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the government's council is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the government's council has decided that periodic determination of net income is appropriate for accountability purposes.

The Business funds used by Finney County, Kansas, are:

Landfill:

This fund is used to account for the activities of the County's landfill monitoring programs and future planning for long-term solid waste management programs.

Eastside Sewer District #1:

This fund is used to account for the receipt of user fees and expenditures of funds for the operation of the sewer district.

Eastside Sewer District #1 Capital Improvement:

This fund is used to account for monies set aside to finance repairs and maintenance needed for the sewer district.

Sewer District #2:

This fund is used to account for the receipt of user fees and expenditures of funds for the operation of the sewer district.

Sewer District #2 Capital Improvement:

This fund is used to account for monies set aside to finance repairs and maintenance needed for the sewer district.

Sewer District #3:

This fund is used to account for the receipt of user fees and expenditures of funds for the operation of the sewer district.

Sewer District #3 Capital Improvement:

This fund is used to account for monies set aside to finance repairs and maintenance needed for the sewer district.

Note: The County budgets all business funds except for Eastside Sewer District #1 Capital Improvement, Sewer District #2 Capital Improvement, and Sewer District #3 Capital Improvement funds.

FINNEY COUNTY, KANSAS
Notes to Schedule of Expenditures of Federal Awards
December 31, 2024

1. General

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") includes the federal award activity of Finney County, Kansas, under programs of the federal government for the year ended December 31, 2024. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the County.

2. Basis of accounting

Expenditures reported on the Schedule are reported on the regulatory basis of accounting, which is described in Note 1 to the County's regulatory basis financial statement. However, encumbrances are not included in the expenditures for federal programs until the year expended. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

3. De minimis cost rate

The County has not elected to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

4. Community Development Block Grant

Receipts are from payments received on the revolving loan fund originally established through Community Development Block Grant monies. The program was closed out in the current year with the remaining cash balance paid back to the Kansas Department of Commerce, the pass-through entity. Loans receivable at December 31, 2024, totaled \$6,816 with future collections to be remitted back to the pass-through entity.

SINGLE AUDIT
SECTION

INDEPENDENT AUDITOR'S REPORT
ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENT PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

The County Commissioners
Finney County, Kansas
Garden City, Kansas 67846

We have audited, in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards (GAS)* issued by the Comptroller General of the United States, and the *Kansas Municipal Audit and Accounting Guide (KMAAG)*, issued by the State of Kansas, the regulatory basis fund summary statement of receipts, expenditures and unencumbered cash of Finney County, Kansas (the County), as of and for the year ended December 31, 2024, and the related notes to the financial statement which collectively comprise the County's financial statement as listed in the table of contents, and have issued our report thereon dated May 15, 2025. The County prepares its financial statement on a regulatory basis of accounting that demonstrates compliance with the cash basis and budget laws of the State of Kansas, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The financial statement includes the operations of the Finney County Convention and Visitors Bureau and the Finney County Public Library, which were not audited in accordance with *Government Auditing Standards*; accordingly, this report does not extend to those related municipal entities.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statement, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the County's financial statement will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statement is free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under GAS.

We noted certain matters that we have reported to management of the County in a separate letter dated May 15, 2025.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with GAS in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT
ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE
IN ACCORDANCE WITH UNIFORM GUIDANCE

The County Commissioners
Finney County, Kansas
Garden City, Kansas 67846

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Finney County's (the County) compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2024. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

The County's financial statement includes the operations of the Finney County Convention and Visitors Bureau and the Finney County Public Library, which received no federal awards during the year ended December 31, 2024. Our compliance audit, as described below, did not include the operations of the Finney County Convention and Visitors Bureau and the Finney County Public Library because they did not expend any federal awards.

In our opinion, the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with the auditing standards generally accepted in the United States of America (GAAS); the *Kansas Municipal Audit and Accounting Guide (KMAAG)*; the standards applicable to financial audits contained in *Government Auditing Standards (GAS)* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the County's federal programs.

Auditor's Responsibility for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, the KMAAG, GAS, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, the KMAAG, GAS and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over compliance. Accordingly, no such opinion on expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

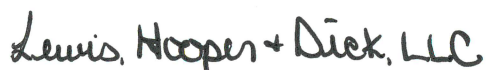

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
